ABOUT US

Minhaj Welfare Foundation (MWF) is a leading humanitarian organization dedicated to transforming lives across Pakistan through sustainable development and emergency relief. Our initiatives address critical needs including food security (HelpFeed, Ramadan Food Packs, Qurbai Appeal), education (EduCare), orphan care (Aghosh), healthcare (Free Medical Camps), and Emergency Relief. We also facilitate collective marriages to ease financial burdens on families.

During emergencies like the 2022 floods, MWF provided immediate relief including food, shelter, medical aid as well as rebuilding homes to thousands of affected families. Guided by principles of compassion and social justice, we continue to build a more equitable Pakistan through the support of our donors, dedicated staff and volunteers. Every initiative reflects our commitment to serving humanity with dignity.

VISION

A world where everyone has the plenitude of life; living with pure dignity, respect and free from poverty.

MISSION

We act as a nationwide humanitarian aid organisation; supporting the poor and needy in marginalised communities by securing their basic Human Rights, providing access to education for all, humanitarian support in crisis and emergencies; and working towards a sustainable and prosperous nation.

OUR IMPACT

Message from the President Minhaj Welfare Foundation – Pakistan

Dear supporters, donors, and volunteers, the devastating 2022 floods reminded us how quickly lives can be shattered – and how powerfully we can respond when we unite. At Minhaj Welfare Foundation, we're on the frontlines saving lives daily, but the scale of need demands more. Your support fuels our emergency relief, sustains orphaned children, puts food in hungry homes, and rebuilds broken communities.

This sacred work continues only through your generosity and hands-on commitment. I urge you: join us with greater urgency today. Donate generously. Volunteer actively. Together, let's turn compassion into life-changing action for Pakistan's most vulnerable.

Our Commitment to the Sustainable Development Goals (SDGs)

Minhaj Welfare Foundation (MWF) has strategically aligned all its humanitarian efforts with the United Nations Sustainable Development Goals, creating a tangible roadmap for eradicating poverty and building sustainable communities in Pakistan. Our comprehensive programs directly address multiple SDGs through focused interventions: we combat hunger (SDG 2) with daily meal services and Ramadan food packs; improve health outcomes (SDG 3) through mobile medical camps and health education; ensure quality education (SDG 4) via school sponsorships and orphan care programs; and create economic opportunities (SDG 8) through our Rozgaar livelihood initiatives. Each project is carefully designed to create lasting impact while contributing to Pakistan's national development framework.

Beyond immediate relief, MWF integrates the SDGs into our long-term rehabilitation strategies. Our flood recovery programs incorporate climate action (SDG 13) by helping communities build disaster-resilient livelihoods, while our women-centric vocational training promotes gender equality (SDG 5). The Aghosh Orphan Care program exemplifies our commitment to reduced inequalities (SDG 10), providing holistic support to vulnerable children. By tracking our outcomes against SDG indicators, we ensure accountability while maximizing our contribution to these global goals. Through this dual focus on urgent needs and sustainable transformation, MWF bridges the gap between humanitarian aid and developmental progress - proving that local actions can indeed drive global change.

HELPFEED

In 2022, as Pakistan faced devastating floods and rising food insecurity affecting millions, HelpFeed launched emergency hunger relief efforts across affected regions. Our teams distributed cooked meals to displaced flood victims, delivered Ramadan ration packs to vulnerable families, organized Ziafat-e-Milad community meals, and provided Qurbani meat distributions during Eid-ul-Adha - ensuring nutrition reached those most in need during multiple crises.

These initiatives served over 1.2 million meals to flood survivors and underprivileged communities nationwide. Moving forward, HelpFeed aims to expand its community kitchen network and double ration distributions, transforming short-term relief into sustainable food security solutions. Join us in this critical mission your support helps feed Pakistan's hungry today while building systems to prevent hunger tomorrow.

Amidst Pakistan's devastating 2022 floods that left millions homeless and food-insecure, Minhaj Welfare Foundation's Collective Qurbani Project carried special significance. With many families struggling to meet basic needs, our teams sacrificed over 300 animals and distributed over 3,000 meat boxes to flood-affected communities, orphanages, and underserved villages - ensuring the blessings of Eid-ul-Adha reached those who needed it most.

This critical intervention provided protein-rich nutrition to 4,000+ vulnerable families at a time when many had lost their livelihoods to the floods. Each meat parcel represented both religious fulfillment and emergency food support during Pakistan's worst climate disaster. As we continue expanding this vital program, MWF remains committed to turning Qurbani into a force for nourishment, hope and social solidarity especially in times of crisis.

In the harsh winter of 2023, MWF (Muslim Welfare Foundation) extended critical support to flood-affected families in South Punjab, where thousands were still living in makeshift tents and shelters after the devastating 2022 floods. Through our Winter Appeal, we distributed 1,000 food packs along with warm clothing and blankets, providing immediate relief to those battling the cold without proper shelter. This initiative not only addressed hunger but also protected vulnerable families—especially women and children—from life-threatening winter conditions.

At MWF, we believe in compassion in action, and this campaign was a step toward restoring dignity and hope in communities struggling to rebuild their lives

Family Food Packs, Winter Kits including Warm

Clothings and Blankets were provided

ORPHAN CARE

The Orphans Care project under Minhaj Welfare Foundation (MWF) aims to provide comprehensive support to orphaned and destitute children—offering shelter, education, medical care, and holistic personality development.

Aghosh Orphan Care Home in Lahore is one of Pakistan's largest orphan institutions. Children are supported via structured schooling through Minhaj Model School and Quran memorization (Hifz-e-Quran) programs, individual tutoring, recreational outings, and regular spiritual activities—ensuring each child receives well-rounded care both academically and emotionally.

ORPHAN CARE COMPLEX

I and the person who looks after an orphan and provides for him, well be in Paradise like this, putting his index and middle fingers together.

(HADITH)

Minhaj Welfare Orphan Care Complex will be more than just a safe environment for orphaned and needy children; it will be dedicated to providing children access to high-quality care and excellent facilities. Every child will get the best opportunity in education, lifeskills, and personality development through outstanding child management and safeguarding policies. We aim to ensure they have the best chance at attaining a bright future for them selves.

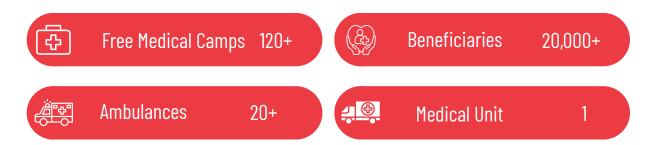

Minhaj Welfare Foundation recognizes that access to quality healthcare remains a major challenge for millions of low-income families in Pakistan, especially in remote and underdeveloped areas. To address this critical need, MWF organizes free medical camps throughout the year, bringing essential healthcare services directly to those who need them most. These camps are staffed by qualified doctors and paramedics, offering consultations, diagnostics, treatment, and awareness sessions. Free medicines are also provided to ensure that patients receive complete care without financial burden.

In 2023, hundreds of medical camps were successfully held across various cities, towns, and villages of Pakistan, where MWF provided free medical care and medicines to over 26,000 patients. These camps made a significant difference in early diagnosis and treatment of common illnesses, maternal and child health issues, and chronic diseases. Many individuals who had never consulted a doctor before were treated with dignity and compassion. The initiative continues to save lives, reduce suffering, and promote health equity among the most vulnerable populations of the country.

COLLECTIVE MARRIAGES

The Collective Marriages Project is one of Minhaj Welfare Foundation's most impactful social welfare initiatives, designed to support underprivileged families who cannot afford the high costs associated with weddings. In Pakistan, financial pressures and dowry expectations often delay or prevent marriages, especially for orphaned girls or those from low-income backgrounds.

Through this project, MWF organizes large-scale marriage ceremonies, bringing together multiple couples in a single dignified event that eliminates social stigma and financial burden. Each couple is provided with essential household items, furniture, clothing, and a wedding meal—ensuring they start their new journey with stability and joy.

EMERGENCY RELIEF

Flood 2022

Millions of people have been affected by heavy rainfall, flash floods and landslides since July, as Pakistan endured more than 80% of its normal total monsoon rainfall in three weeks. Overall, the country sees its eighth cycle of monsoon rains. Thousands are without food and shelter in Baluchistan, Khyber Pakhtunkhwa and Sindh provinces, which have been most affected by this humanitarian disaster.

Minhaj Welfare Foundation has expanded its relief work in the flood-hit areas of Pakistan by rebuilding homes and livelihoods for displaced families. An estimated two million houses were completely damaged. As water showed signs of receding in many areas of southern Punjab and Sindh, families started returning to their homes. MWF is significantly scaling up its response in Pakistan to ensure long-term support for 1 million people affected by the devastating impact of unprecedented floods on infrastructure, food security, and livelihoods.

We are planning to rebuild homes for floodaffected families and rehabilitate clean water supply and sanitation facilities. From the communities living in Gilgit Baltistan's remote mountains to the flooded farmlands of south Punjab, our teams have been committed to delivering your aid to displaced families.

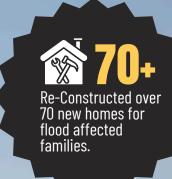

REBUILD HOMES

In 2022, Minhaj Welfare Foundation (MWF) made a significant impact by constructing over 70 resilient homes for families who lost their houses in the devastating floods. Recognizing the urgent need for safe and durable housing, MWF prioritized delivering new, flood-resistant homes to affected families in the hardest-hit regions. These homes were safe to withstand future climate challenges, providing not just shelter but also hope and stability to those who had lost everything.

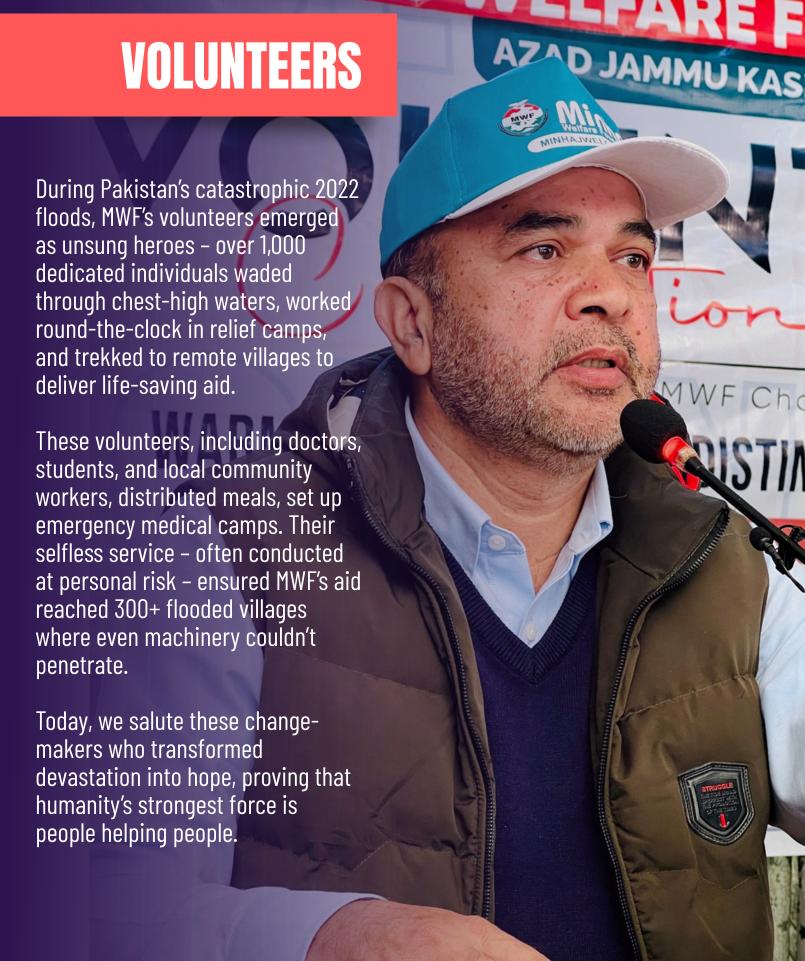

MWF's efforts were met with gratitude from the communities, as families moved into their new homes, rebuilding their lives with improved safety and security. The initiative not only addressed immediate housing needs but also emphasized long-term resilience against natural disasters.

Looking ahead, MWF is expanding its mission to other flood-prone and disaster-affected regions. Plans are underway to construct additional homes in new areas, ensuring more vulnerable families have access to safe and sustainable housing. By continuing this vital work, MWF aims to strengthen communities and reduce the impact of future calamities, one home at a time.

FINANCIAL OVERVIEW

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of MINHAJ WELFARE FOUNDATION which comprise the statement of financial position as at June 30, 2022, and the income and expenditure account for the year then ended, statement of cash flow, statement of changes in equity and notes to the accounts, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the MINHAJ WELFARE FOUNDATION as at June 30, 2022, and of its financial performance for the year then ended and its cash flows for the year then ended in accordance with approved accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' "Code of Ethics for Professional Accountants" as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The management is responsible for the preparation and fair presentation of the financial statements in accordance with the Approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the management's ability to continue as a going concern, disclosing, as applicable, matter related to going concern and using the going concern basis of accounting unless

OTHER OFFICES: KARACHI, ISLAMABAD, SIALKOT & USA

Management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis
 of accounting and, based on the audit evidence obtained, whether a material
 uncertainty exists related to events or conditions that may cast significant doubt on
 the Foundation ability to continue as a going concern. If we conclude that a material
 uncertainty exists, we are required to draw attention in our auditor's report to the
 related disclosures in the financial statements or, if such disclosure are inadequate,
 to modify our opinion. Our conclusions are based on the audit evidence obtained
 up to the date of our auditor's report. However, future events or condition may
 cause the Foundation to cease to continue as a going concern.

8

 \boxtimes

w.fmc.com

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
